STAY SAFE Instructional Programs (SSIP) - Ajax Ontario.

Sept 2007 to present *President - Program Delivery.*

- ~ **Training:** The duties of President of Program Delivery for STAY SAFE Instructional Programs (SSIP) includes the development and providing of provincially mandated training programs to all Canadian security personnel in compliance with the Canadian General Standards Board (CGSB), Private Security Investigative Services Act (PSISA - 2005) and other current and anticipated acts of consistent provincial legislation. Participants are educated in programs ranging from crisis management, effective communications, crowd management, event management, defensive tactics, use-of-force principles, provincial statutes, etc., in order to complete the basic training program as determined by "regulation". Seminars, lectures and information sessions are also provided to government agencies, private industry, the insurance industry, the entertainment and hospitality industry, legal firms and the public sector to inform them of the purpose and methods of the training and its applications. In addition, course facilitators are instructed in the principles of adult education and evaluation practices.
- ~ **Research and Development:** Methods, applications and educational programs must adhere to provincially implemented guidelines, be effective and acceptable to the community at large and provide adequate, ethical and legal avenues of behavior to all serving members of security services and/or persons performing security related services throughout the country. The development of the training programs

necessitates thorough research and knowledge in a variety of areas including: Federal, Provincial and Municipal legislation; local political and operational factors, judicial court decisions, coroner recommendations, and subject capability assessment.

MKD Security - Awareness - Concord Ontario.

Feb 2006 to Sept 2007

President - Program Delivery.

- ~ ***Training:*** The duties of President of Program Delivery for STAY SAFE Instructional Programs (SSIP) includes the development and providing of provincially mandated training programs to all Canadian security personnel in compliance with the Canadian General Standards Board (CGSB), Private Security Investigative Services Act (PSISA - 2005) and other current and anticipated acts of consistent provincial legislation. Participants are educated in programs ranging from crisis management, management of resistant Behaviour (MORB), effective communications, crowd management, event management, alcohol management, defensive tactics, use-of-force principles, provincial statutes, etc., to enable the basic training program as determined by "regulation". Seminars, lectures and information sessions are also provided to government agencies, private industry, the insurance industry, the entertainment and hospitality industry, legal firms and the public sector to inform them of the purpose and methods of the training and its applications. In addition, course facilitators are instructed in the principles of adult education and evaluation practices.

- ~ ***Research and Development:*** Methods, tactics and educational programs must adhere to provincially implemented guidelines, be effective and acceptable to the community at large and provide adequate and legal avenues of behaviour to all serving members of the security services throughout the country. The development of the training programs necessitates thorough research and knowledge in a variety of areas including: Federal, Provincial and Municipal legislation; local political and operational factors, judicial court decisions, coroner recommendations, and officer capability assessment.

Aug 2001 to Jan 2006

Director of Security Operations.

- ~ The duties of Director of Security Operations - CHUM Television oversees the management of the CHUM Television Security team and specifically manages and establishes the principles and standards for work performance, hiring, directing and training staff to ensure capable and consistent performance. Responsibilities include the maintaining of data bases and records, the planning and coordination of live events, the acquisition of permits respecting the service of alcoholic beverages, effectively managing and monitoring all forms of undesirable communication, developing and maintaining effective liaisons with law enforcement and the alcohol

and gaming commission, and the assisting of various departments with security related issues.

- ~ Oversees deployment of paid-duty policing and security provision respecting the facilitation of Special Occasion Permits (SOP's) and works in conjunction with the Alcohol and Gaming Commission (AGCO) of Ontario, security contractors and CHUM Television Security in implementing security response for CHUM Television staff and other stakeholders.
- ~ The Director of Security Operations will analysis and identify patterns and trends in unlawful and undesirable activity to enable law enforcement to respond and deploy resources in an appropriate and effective manner and enable the identification and apprehension of suspects.
- ~ The Director of Security Operations will also assist with regional CHUM television stations, the New PL (London, Ontario), the New VR (Barrie, Ontario), the New RO (Ottawa, Ontario), the New City-TV (Victoria, British Columbia) and the New City-TV (Calgary, Alberta), including the facilitation of Special Occasion Permits (SOP's) and working in conjunction with applicable provincial licensing authorities. security contractors and CHUM Television Security in implementing security response for CHUM Television staff and other stakeholders.

Ontario Police College – Aylmer Ontario.

Feb 2001 to Aug 2001

Seconded Provincial Trainer - Defensive Tactics Section.

- ~ ***Training:*** Provincially mandated training is provided to all Ontario police personnel in order to comply with the Police Services Act and the Adequacy Standards Regulation as governed by the Ministry of the Solicitor General and Correctional Services. Participants are educated in programs ranging from crisis management, defensive tactics, firearms, vehicle operations, provincial statutes, etc., in order to complete the basic constable training program. Seminars, lectures and information sessions are also made to government, private industry and the public to inform them of the purpose and methods of the training.
- ~ ***Additional Duties:*** Additional duties included and were not limited to; mentorship of trainers with respect to personal and curriculum development, coordinating Toronto Police Service “basic recruit training” deployments, providing presentations, seminars and training programs to other ministry related agencies.
- ~ ***Research and Development:*** Methods, tactics and educational programs must adhere to Solicitor General & Ministry of Correction guidelines. They must also be effective and acceptable to the community at large as well as serving members of the police services throughout the province. The development of the training program necessitates thorough research and knowledge in a variety of areas including: Federal, Provincial and Municipal legislation; local political and operational

factors, judicial court decisions, coroner recommendations, and officer capability assessment.

Ontario Police College – Aylmer Ontario.

Sept 2000 to Feb 2001

Seconded Provincial Trainer - Police Vehicle Operations.

- ~ ***Training:*** Provincially mandated training is provided to all Ontario police personnel in order to comply with the Police Services Act and the Adequacy Standards Regulation as governed by the Ministry of the Solicitor General and Correctional Services. Participants are educated in core components of uniform Police Vehicle Operations (PVO) that include and are not limited to; driver psychology, cooperative police driving concepts, maneuverability skills, reactive vehicle control skids, cornering techniques, vehicle dynamics, suspect apprehension pursuit tactics, environmental factors, primary methods of violator stops, final cruiser positions, emergency lighting, legal responsibilities, vehicle operations, etc., in order to compete the basic constable training program. Seminars, lectures and information sessions are also made to government, private industry and the public to inform them of the purpose and methods of the training.

- ~ ***Research and Development:*** Methods, tactics and educational programs must adhere to Solicitor General & Ministry of Correction guidelines. They must also be effective and acceptable to the community at large as well as serving members of the police services throughout the province. The development of the training program necessitates thorough research and knowledge in a variety of areas including: Federal, Provincial and Municipal legislation; local political and operational factors, judicial court decisions, coroner recommendations, and officer capability assessment.

Toronto Police Service, Training & Education Unit.

May 1999 – Sept 2000

Training Coordinator –Officer Safety Section.

- ~ ***Research and Development:*** Methods and tactics must adhere to Solicitor General & Ministry of Correction guidelines. They must also be effective and acceptable to the community at large as well as serving members of the Toronto Police Service. The development of officer survival/crisis management techniques and equipment necessitates thorough research and knowledge in a variety of areas including: Federal, Provincial and Municipal legislation; local political and operational factors, judicial court decisions, coroner recommendations, and officer capability assessment.

- ~ ***Training:*** Training is provided via a number of programs to facilitate need assessment for a multitude of police and police related duties. All programs are available to members of the Toronto Police Service and other police agencies both in Canada and the United States. Seminars, lectures and information sessions are also

made to government, private industry and the public to inform them of the purpose and methods of the unit.

- ~ ***Additional Duties:*** Additional duties included and were not limited to; the analysis and identification of patterns and trends respecting unlawful and undesirable activity to enable the development of appropriate training curriculum, trainer evaluation, mentorship of trainers with respect to personal and curriculum development, coordinating Toronto Police Service “basic recruit training”, providing presentations, seminars and training programs to multiple agencies, groups, etc.

Toronto Police Service, Public Safety Unit

1996 – Feb 1999

Training Coordinator - Crowd Management Unit.

- ~ ***Operations:*** The successful resolution of public disorder or a disaster necessitates a team approach that includes extensive planning and the timely coordination of responding emergency agencies including police, ambulance, fire, public works, hydro, etc. This requires well-developed risk analysis, liaison, organization and communication skills.
- ~ ***Research and Development:*** The method and tactics of the Public Safety Unit must be effective and acceptable to both the community at large and the Toronto Police Service. The development of crowd and emergency management techniques and equipment necessitates thorough research and knowledge in a variety of areas including: Federal, Provincial and Municipal legislation; local political and operational factors; collective behavior and crowd dynamics; disorder resolution methods; unit and officer capability assessment; emergency preparedness principles; disaster response and recovery methodologies.
- ~ ***Additional Duties:*** Additional duties included and were not limited to; the analysis and identification of patterns and trends respecting unlawful and undesirable activity to enable the deployment of sufficient resources to respond in an appropriate and effective manner, to provide trainer evaluation, mentorship of trainers with respect to personal and curriculum development, coordinating Toronto Police Service “crowd management training”, providing presentations, seminars and training programs to multiple agencies, groups, etc.
- ~ ***Training:*** Training is provided as a five-day basic course to new members of the unit, and as one day in-service courses to serving Public Safety Officers. All Programs are available to members of the Toronto Police Service and other police agencies both in Canada and the United States. Seminars, lectures and information sessions are also made to government, private industry and the public to inform them of the purpose and methods of the unit.
